EWMCE is excited to be working on accreditation to test and certify stand-alone wastewater treatment systems!

The Edmonton Waste Management Centre of Excellence (EWMCE) has been working on an exciting initiative - accreditation by the Standards Council of Canada (SCC) to test and certify stand-alone wastewater treatment systems under the new

draft CSA Standard B128.3. [read more ...](#)

EWMCE works with the City of Edmonton's Waste Management Services to reduce residential waste from landfills in Edmonton!

Waste Management Services aims to achieve a 90% diversion of residential waste, and composting was seen as one of the many components in its diversion program. EWMCE is involved in this collaborative project and has retained Ali Ashkiki, a U of A Ph.D. student with a broad base of experience.

Conference Highlights

EWMCE staff will be attending the following upcoming conferences and delivering presentations, or staffing trade show booths:

- "Feed the Soil, Compost, 24th Annual National Compost Conference" (Compost Council of Canada), Sept. 22-24, Halifax, Nova Scotia
- "WCW14 Stronger Together 2014 Annual Conference and Exhibition" (Western Canada Water & Wastewater Association), Sept. 22-26, Regina, Saskatchewan
- "WEFTEC 2014 - Annual Technical Exhibition and Conference" (Water Environment Federation), Sept. 27-Oct. 1, New Orleans, Louisiana
- "Recycling in the Rockies - A Waste Reduction Expedition" (Recycling Council of Alberta), Oct. 1-3, Lake Louise, Alberta
- "Canada Water Week," Oct. 8-10, Grande Prairie, Alberta

See how Edmonton sorts 20 tonnes of recycling per hour!

*Look for our conference presentations in the next issue!
